

THE WOLVERINE NAME, THROUGH THE YEARS

Founded in 1939 as Wolverine Tile Company, Wolverine has evolved alongside the clients, markets and communities it serves.

1957

WOLVERINE BUILDING PRODUCTS, INC.

The company expanded beyond its tile roots into design-build construction and Butler pre-engineered metal buildings.

1992 / 2010

WOLVERINE BUILDING GROUP

Introduced as the umbrella company identity in 1992. Wolverine Construction Management, Wolverine Building Products, Fryling Construction and other divisions continued operating under their individual names until 2010, when the operating divisions fully united under the Wolverine Building Group name.

2026

WOLVERINE CONSTRUCTION

Wolverine Building Group became Wolverine Construction, a clearer name for the company it has become and the work it is built to deliver next.

Different names. The same commitment to building what comes next.

BUILT FOR WHAT'S NEXT
